General Instructions for filling in the Application Form

This Application Form is part of the "application pack" for INTERREG IVC applicants. Before filling in this Form, please also read all programme related documents, especially:

- a) the INTERREG IVC **Operational Programme** and
- b) the **Programme Manual**.

In particular, the Programme Manual will provide you with further guidance on the way to develop an INTERREG IVC project and to prepare the application form. The two above mentioned documents are available on the programme web site (www.interreg4c.net).

Paper version

Application Form

The Application Form must be completed, printed out, dated, signed by a duly authorised representative of the Lead Partner, and stamped with the stamp of the Lead Partner's institution. It should be sent together with the annexes (co-financing statements and project time plan) by mail/courier to the INTERREG IVC Joint Technical Secretariat (JTS) at the latest by the end date of the call. This will be checked through the date of postal stamp on the envelope. The JTS address can be found on the programme's web site: www.interreg4c.net

Co-financing statements

Co-financing Statements in original or fax version must be included in the mail sent to the JTS for all partners listed in Section 5 of the Application Form. The standard form of the co-financing statement available on the Programme website must be used, no amendments to the text are allowed. The figures listed in the co-financing statements must correspond to the individual budget figures of each partner given in Section 5 of the Application Form.

Project Time plan

A project Time plan must also be included in the mail to the JTS. A template is available on the programme web site but each project is free to propose its own time plan.

Electronic version

An electronic version of the completed Application Form must be sent by email to the JTS at the latest by the end date of the call at the following address application@interreg4c.net

Technical instructions

- Applicants are asked to complete only the white fields of this Application Form. For technical reasons, most of the white fields have been split up into 2 or 3 sub-fields. As soon as the first sub-field is filled in, please continue in the next sub-field.
- Grey fields are not to be completed. For the grey fields, certain information will automatically be transferred to these sections after details are entered in other fields of the Application Form. Formulae for automatic calculations have been included in the relevant fields. These fields cannot be changed or edited.
- All input fields (white fields) are locked in order to ensure that all applicants have the same amount of space for describing their project and answering the questions. The number of characters (with spaces) is limited to 1000 characters per field. Any text exceeding this space will not be visible in the printout and therefore cannot be taken into account when assessing the operations.
- All input fields must be filled in unless stated otherwise in the instructions field. **As different Sections of the Application form depend on the type of interventions, it is strongly recommended that the applicants start by selecting the type of intervention they are applying to.**
- Certain questions in the Application Form must be answered by marking a tick-box. When clicking on the box, an arrow will appear. Please click on the arrow and select the option provided in the drop-down field, which will appear on the screen.
- If you want to use a bullet point list in any of the input fields, please press 'Alt+Enter'.

Application Forms with error messages or with uncompleted Sections will automatically be declared ineligible.

- 4. The paper version includes the completed application form and the relevant annexes (co-financing statements and project time plan) in one single package/envelope.
